## Minutes

- I. Call meeting to order - Meeting called to order at 6:37 PM
- II. Parcel Tax Presentation - Amy Miller - The Parcel Tax raises money that goes directly into our general fund. Local control but there is an oversight committee. The Parcel Tax is spread across all grades. \$1.7 million will be cut out of our budget and we will be making cuts if it doesn't pass. *Barna* - "There are people who don't understand what it is used for". "They also don't want to pay if their students have already graduated." "Is there a waiver they can fill out?" Help is needed on April 27th at 9 AM at IBEW for phone bank. There will be 1 or 2 stakeholder meetings. Money has to be within the language of the Parcel Tax. It is the lowest Parcel Tax in the area. As soon as the Parcel Tax passes they will start making decisions on where it is spent. DTA is endorsing the Parcel Tax. We need \$60,000.00 for the campaign and we are \$20,000.00 short. Contributions are appreciated but the walk and the phone banks are a last ditch effort.

Looking for a schedule for next year and villaging. This is schools within schools. Teachers in different subjects worked with each other. Putting kids in those smaller teams to make it less overwhelming but also connecting the teachers. Helps prevent from having five major tests on the same day. It puts kids into spirit teams to have a chance to build up a spirit for Fallon. PE department want to be a part of the villaging. Hope is to have a layer of a master schedule - core, science, PE. Can't track the teams regarding math. Working on team emphasis. Vertical will be spirit and competitive teams such as rally's. All teachers have come together to discuss villaging and everyone voted and everyone who voted was on board with villaging and the math component is being worked on.
